

MICHAEL GARRON HOSPITAL

STAFF POSITION

Psychiatry Child, Adolescent and Young Adult position

The Department of Psychiatry at Michael Garron Hospital is searching for a qualified and dedicated Child, Adolescent and Young Adult Psychiatrist to join our department.

Michael Garron Hospital (MGH), a member of the Toronto East Health Network (TEHN), is a vibrant community teaching hospital, affiliated with the University of Toronto, and serves one of Canada's most diverse communities. A new state of the art, eight story Ken and Marilyn Thomson Patient Care Centre is scheduled to open in 2022.

The successful candidate is expected to have completed or be eligible for certification in Child and Adolescent Psychiatry by the Royal College of Physicians and Surgeons of Canada and for licensure in the Province of Ontario.

Preference will be given to candidates with experience in providing comprehensive assessments and treatment planning for children, adolescents and transitional-age youth. The successful candidate will also have expertise in assessing and treating youth with dual diagnoses, including those with comorbid mental health conditions and autism spectrum disorder and/or intellectual disabilities, as well as experience and/or interest in providing consultation to adolescents with eating disorders.

Preference will be given to candidates who demonstrate experience in leadership and exceptional interprofessional skills and who can further the department and institutional goals of promoting the ongoing success and growth of the child, youth and adult mental health programs, through collaboration with paediatric and community partners. The successful candidate will also be expected to contribute to the teaching, supervision, and mentorship of general psychiatry and subspecialty child and adolescent psychiatry residents. The successful candidate will be eligible for an appointment to the Department of Psychiatry at the University of Toronto at the rank of Lecturer or higher. They must demonstrate a commitment to excellence in psychiatric education and academic administrative involvement, including participating in committees at the hospital and university level. An interest in research is welcome but not essential. The successful candidate will be able to work up to 5 days per week and participate in the psychiatry call schedule.

The Department of Psychiatry at MGH is committed to equal employment opportunity regardless of race, colour, ancestry, religion, sex, national origin, sexual orientation, age, marital status, disability, or gender identity.

Select applicants will be invited for an interview. The anticipated starting date is spring 2022 or shortly thereafter.

Applications must include a letter of interest, curriculum vitae and three letters of reference to be received by April 30 2022 to:

Dr. Michael Rosenbluth
