

Addictions and Mental Health Worker Opportunities

Join the Assertive Community Treatment Teams at Health Sciences North!

Posting #: 21-1222

Permanent Part-Time

Location: Sudbury, ON

Health Sciences North (HSN) is seeking Addictions and Mental Health Workers to provide best practice assessment, treatment, navigation and support to individuals and families with mental health, substance use and/or concurrent disorders across the spectrum. As an Addictions and Mental Health Worker, you will develop and implement treatment plans with clients and families accessing services and assist in and act as a resource for client and family education. Experience working in community-based out-patient programs is required. Preference will be given to candidates with experience in program development and group facilitation.

The successful candidate must have a minimum of a two year diploma in Health or Social services field from an accredited college. Certificate in Basic Cardiac Life Support (BCLS) Automated External Defibrillator (AED) First Aid, and Non-Violent Crisis Intervention (NVCI) is also required.

A dynamic and growing health care environment awaits you in Sudbury Ontario: Canada's happiest city! Surrounded by provincial parks and over 200 lakes, Greater Sudbury has over 160,000 residents and is a rich mix of urban, suburban, rural and wilderness environments. Just a one hour flight or four-hour drive of Toronto; here, you will experience the balance of a challenging clinical career and a comfortable lifestyle, right in the heart of Northern Ontario's largest city.

Interested applicants are asked to apply directly to posting #21-1222 on the HSN Careers Website at hsnsudbury.ca/careers. **This opportunity will be posted until filled.**

Health Sciences North (HSN) is a regional resource and referral centre for over 600,000 residents across northeastern Ontario. It features state-of-the-art technology with 3,900 employees, over 280 physicians, and 700 volunteers. HSN has become a Research and Academic Health Science Centre affiliated with the Northern Ontario School of Medicine and the Health Sciences North Research Institute.
